EMERGENCY/PROCEDURES

MEDICAL

- **Minor Medical Attention.** All Units should have in their camp a First Aid Kit to address minor medical needs. In the event Medical Attention is required beyond basic Scout/Leader rendered First Aid, said individual should be transported by their parent/guardian or other (2-deep) adult leadership to a local Health Care Facility. Any individual leaving camp to seek outside Medical Attention needs to report to the Safari Room in the Administrative Building before departing or have another Adult Leader from the Unit report to Safari Room.

The nearest 24-Hour Care facility is in Navasota:

Grimes St. Joseph Health Center
210 South Judson Street
Navasota, Texas 77868
[\(936\) 825-6585](tel:9368256585)

- **LIFE OR DEATH – CALL 911 – then Rob Clausing @ (281) 202-7992**

INCIDENT REPORTING

- ANY incident that requires the intervention of medical personnel, involves emergency responders, or results in a response beyond Scout-rendered first aid must be reported. Near miss incidents (does not result in injury, illness, or damage by definition, but it had the potential to do so) should also be reported.

FIRE

- Sound alarm by yelling “FIRE” and notify Camp Management immediately. Local fire authorities will be called to fight the fire.
- Because of the age of the Scouts, it is not recommended that any fire-fighting action take place. Remove yourself and others from harm’s way and notify Camp Staff.

- Move Cubs and family members to a safe location away from fire danger, usually in the parking lot in front of the campsite. Ensure that all members of your unit are accounted for and that they remain together and calm.
- In an emergency, the central alarm will be sounded (siren blown continuously for 3 minutes) to warn camp. Camp Staff personnel will be dispatched to campsites to give further instructions.
- Be prepared to mobilize to a safe location.
- 3 short blasts of the siren will signal the all clear. A radio announcement will also communicate the all clear.

THUNDERSTORMS OR TORNADOES

- When threatening weather occurs, all persons in campsites should go to the nearest restroom building or their vehicles (lighting only). All persons in a program area should move to the nearest building or structure.

TRAIN

There is a train that passes near Bovay several times during the night. It is required by law to blow its whistle at every grade crossing (intersection with a road). Foam ear plugs tend to dampen the intensity of the whistle, potentially permitting the wearer a more restful night.

ACTIVITIES

There will be separate tracks for Webelos (4th grade) and AOL Webelos (5th grade). There will be a total of 7 events for each Rank level. If you are the Den Leader for a mixed Den, the whole Den should register and participate as a group. Whether the Den participates in the WEBELOS I circuit or the WEBELOS II circuit is the choice of the Den Leader, who has the best knowledge of his/her boys.

All Webelos will participate in activities with the Den in which they are registered. No individual Webelos should be wandering the area beyond the main camping and Events areas. During program sessions, all Webelos should be with their Den in their assigned session. To reduce the amount of walking required and conserve time between activity sessions, groups of Dens will move together from one session to the next, and all sessions will be arranged for easy movement.

Rotation Assignments will be distributed at Check-in, Patrol Leaders Conference, and during morning announcements.

The Webelos Woods program offers a variety of popular activities from previous Do-Your-Best and Day Camp functions in the District. Some sessions will include specific Activity Badge work in a "show-and-do format", while others will introduce the Webelos Scouts to skills useful in the Scout Troop program. Although some of

these sessions will involve Activity Badge work and correspond to Activity Badge requirements, the Webelos Woods Instructors WILL NOT sign-off any Webelos Scout requirements. The responsibility and authority solely rests on the Groups Den Leader.

Arrow of Light Ceremonies

Registration is required for any AOL Webelos Scout that wants to participate in and receive Arrow of Light Recognition at Webelos Woods.

ONLY the Pack can award the Arrow of Light Rank and Patch. Participants will only receive a Ceremonial Arrow and special Texas Skies District Ceremonial Patch.

Individual/Personalized Arrows will not be allowed to be used or accepted.

Note: ALL Arrow of Light Participants will receive a colored wristband from their Pack Designated Leader. This wristband will designate which Arrow of Light Ceremony Site they have been assigned to. **This Event is limited to (90) Participants.** If a Scout was not registered for this Event, they cannot be added once the event fills or after registration closes.

At the conclusion of campfire, the participants will be escorted to their actual ceremony sites. To expedite the departure process: Participants, Parents, and their Guest should be seated in the sections that match their colored wrist band shown in the picture below.

The Arrow of Light Ceremony is the pinnacle of a Cub Scout's experience. We invite all family and friends to participate in this event. Guests do not need to register in order to attend, **however they must check-in** at the Registration Desk in the Headquarters Building. **Guests will be allowed access into the campsites starting at 4:30PM on Saturday night.
